

Helping our neighbors clean, recover and restore their hope.

"Hello, just like you say, your crew was polite & courteous & did a great job. Thank you."

- Rob

"Great Job! Very friendly. Very impressed that they called to say they were on their way."

- Mrs. W

"Ely did a fantastic job! The basement was a wreck! He went up the walls a bit & sanitized all! Very polite, very professional. Thank you!"

- Tracey

"I had my rugs, tile and furniture cleaned by Rainbow and they did an excellent job. Their staff was very friendly and professional; and the price was very reasonable!"

- Steve

"Rainbow was very responsive to our needs. The technicians were very knowledgeable and courteous."

- Annette

"Chris did a great job. Very pleasant and the carpets and chair look great. I have been dealing with Rainbow for many years and have always been very satisfied and will use them again in the future."

- Highest quality, state-of-the-art equipment and know-how
- Semi-annual background checks for all employees
- Fully Insured
- Professional service with a smile

Since 1987

Restorative Cleaning

Carpet & Area Rug Cleaning

All carpet manufacturer warranties require a professional steam cleaning/hot water extraction at least once **every 12-18 months**.

- We stand ready to serve you with reliable on-time service
- Competitive pricing - we accept all competitors advertised prices

Upholstery Cleaning

The American Home Furnishings Alliance recommends professional upholstery cleaning **every 18 to 24 months** for residences, and at least once a year for business offices.

- Bring your furniture back to life by removing stains from food, drinks and hair products

Tile, Grout and Hard Surface Cleaning

Tile will become stained and grout will absorb dirt and grime. Avoid scrubbing grout with a toothbrush while on your hands and knees.

- Our process results in a **deeper clean**
- We apply a **protective sealant** that helps make grout more spill- and stain-resistant

Odor and Stain Removal

At some point, odors cannot be ignored. Lingering smells from pet accidents, trash or smoke odors can often be removed from your area rugs, carpets and upholstered surfaces.

Air Duct and Dryer Vent Cleaning

The National Air Duct Cleaners Association (NADCA) recommends air duct cleaning **every 3 to 5 years**. Dirt particles, dust and dander build up over time in the air ducts. In addition, lint build-up in dryer vents are a common cause of fire.

Make your home a relaxing place to be proud of by scheduling your professional cleaning today.

Disaster Recovery

Water Damage

As certified water damage restoration experts, we use the most advanced tools and equipment in the industry and apply systematic best practices that we've developed with 30-plus years in the business.

- Water damage is stressful; we are here to help you through the process
- We employ rapid drying strategies to avoid the onset of mold - mold can grow as soon as 48-72 hours

Mold Remediation

If you have a mold situation in your home or business, only a Licensed Mold Remediator that is certified by the NYS Department of Labor can safely and effectively take care of the problem. We help you get to the root cause of the issue, so the problem is not repeated. Mold removal:

- Protects the health of your family or employees
- Preserves the structural integrity of your property
- Improves the musty, damp smell associated with mold

Fire and Smoke Damage

Having a fire or a smoke damage incident in your home or place of business is certainly upsetting, and you might be feeling a sense of shock. Just make one call to Rainbow and know that you are on the way back to "normal."

Reconstruction Contracting

Board-Up Services

No matter if windows are broken by storms, accidents or acts of vandalism, homeowners and businesses are all in the same situation: They need fast, temporary protection from the elements until the windows can be replaced. Board-up service from Rainbow International gives you fast and complete protection.

Roof-Tarpping Services

Rooftops are also prone to damage when big storms hit or fires happen, and Rainbow International offers roof-tarpping services that waterproof your roof until it can be fixed. When windows break and roofs are leaking, your needs are urgent. We understand.

Reconstruction

When your home or business has experienced the unthinkable, Rainbow International has you covered with total reconstruction services after water, mold or fire damage. Rainbow International will restore you back to pre-loss condition.
